4. STATEMENT: The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. [NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).]

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

Re: Revival for Unintentional Abandonment

Sir:

Enclosed herewith please find the following documents for a petition to revive pursuant to 37 CFR 1.137(b), the above-referenced Nonprovisional Patent Application that was unintentionally abandoned for failure to file a timely reply:

- Certificate of Mailing (page 2 of this paper);
- Petition, Form PTO/SB/64;
- Two sheets of FAX transmission covers that show the date/time stamps of receipt of the Response to Office Action of February 26, 2008, received in two parts, on September 26th and 27th;
- Statement by Dr. S.C. Srivastava, President of ChemGenes Corporation, detailing the circumstances leading to the delay in filing the response;
- Payment by Credit Card, Form PTO-2038, to cover the Petition Fee;
- Return Receipt Postcard;

Application Serial No.: 10/768,996
Srivastava, et al.

Attorney Docket No.: ChG_00107

The dispatch of Office Action of February 26, 2008, to the clients rather than to this office contributed to our miscalculation, and the consequent delay in filing the response to the last office action. As the filing, albeit delayed, of the response shows, the applicants did not intend to abandon the prosecution of this application.

We, therefore, urge you to kindly reinstate the application for examination of the already filed reply to the last office action.

In case of any deficiency in the compliance or fees, you are requested to kindly contact the undersigned representative.

Dated: November 28, 2008

Respectfully submitted,

Dear Sirs:

This statement is submitted as part of the petition to revive the above-referenced non-provisional application under 37 CFR 1.137(b), in response to the Notice of Abandonment mailed by the United States Patent and Trademark Office on 9/30/2008.

I understand that this Notice resulted from our failure to timely file a response to the Office Action dated 02/26/2008.

I regret the lapse, but we filed a reply on September 26, 2008, the receipt for which is enclosed herewith. I give below for your consideration the reasons for our miscalculation of the due date and consequent delay in filing the reply. We shall submit further evidence of any of the facts presented herein, if necessary.

We retained the services of Attorney Indu M. Anand to prosecute this application early in 2007, and filed the power of attorney on March 3, 2007. The acceptance of this power of Attorney was communicated to us on June 11, 2007, but we were later informed that the acceptance was in error. A new power of attorney was filed on behalf of all the inventors on January 15, 2008, which was duly accepted.

The Office Action of 2/26/08, however, was mailed to me as the first named inventor. Since we expect all communications, especially the important and time sensitive ones, to be sent to Attorney Anand, this communication was misfiled in our office for several weeks, resulting in a miscalculation of the due date for reply. The entire delay in prosecution resulted from an oversight, not from an intention to abandon the application.

Thus, whereas we had no intention to abandon the application and actually filed a reply, albeit on a date past due; whereas our miscalculation resulted in part from a misdirected communication from the USPTO; and, whereas the entire delay in filing of our requisite reply was unintentional, we therefore request revival of the Nonprovisional Patent Application Number 10/768,996 for prosecution.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'S. Srivastava'.
